NEW  
OFFERINGS  
FROM IVALO

Available December 2009

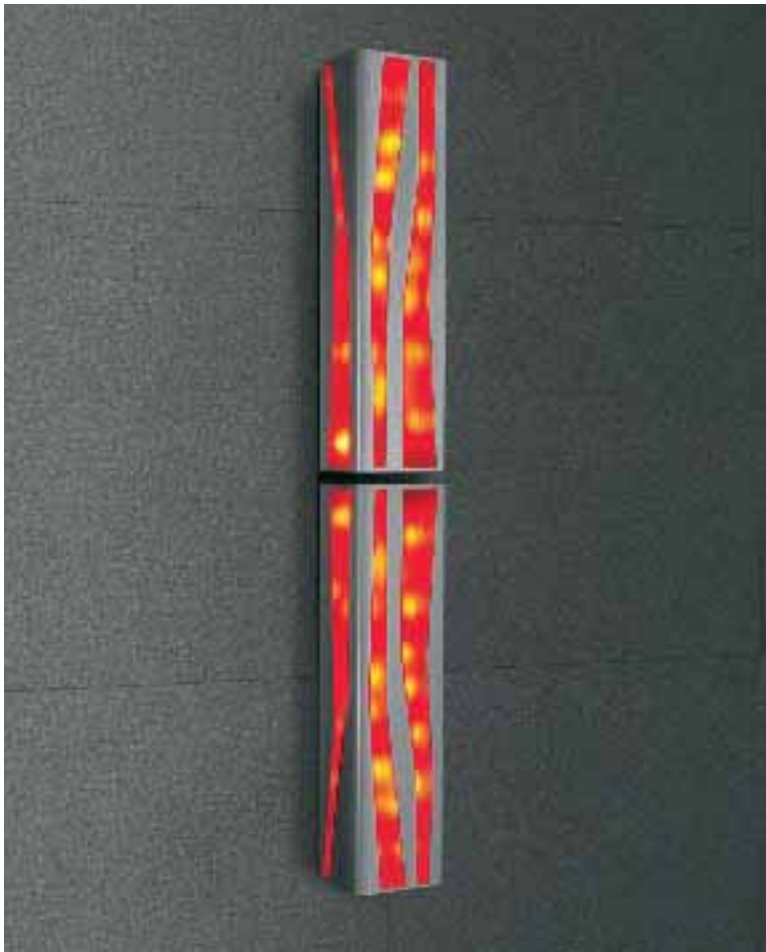

# New LED Collection

Aliante, L'ale, Silvus and Inflection families now offer LED-powered sconces!

These compelling architectural forms consume a fraction of the wattage used by traditional light sources.

**Silvus** and **Inflection** sconces are available in various LED colors (white, amber, red, green, and blue).

Available December 2009.

Above: Silvus24 and Silvus30 interior/exterior RGB sconces (see pg.24)

Top: L'ale interior sconce (See pg.16)  
Bottom: Aliante interior demi sconce (Available Dec.'09. See pg.6)

LIGHTING FOR  
TOMORROW AWARD

# The Aliante<sup>®</sup> Family

Designed by  
Stefano Casciani

An elegant nautically inspired minimalist form that harmonizes with most architectural styles. The Aliante family has grown to include pendants and sconces in a variety of sizes and finishes, for indoor and outdoor use.

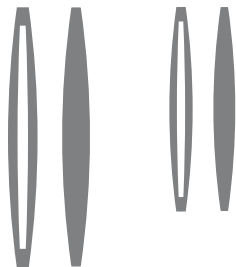

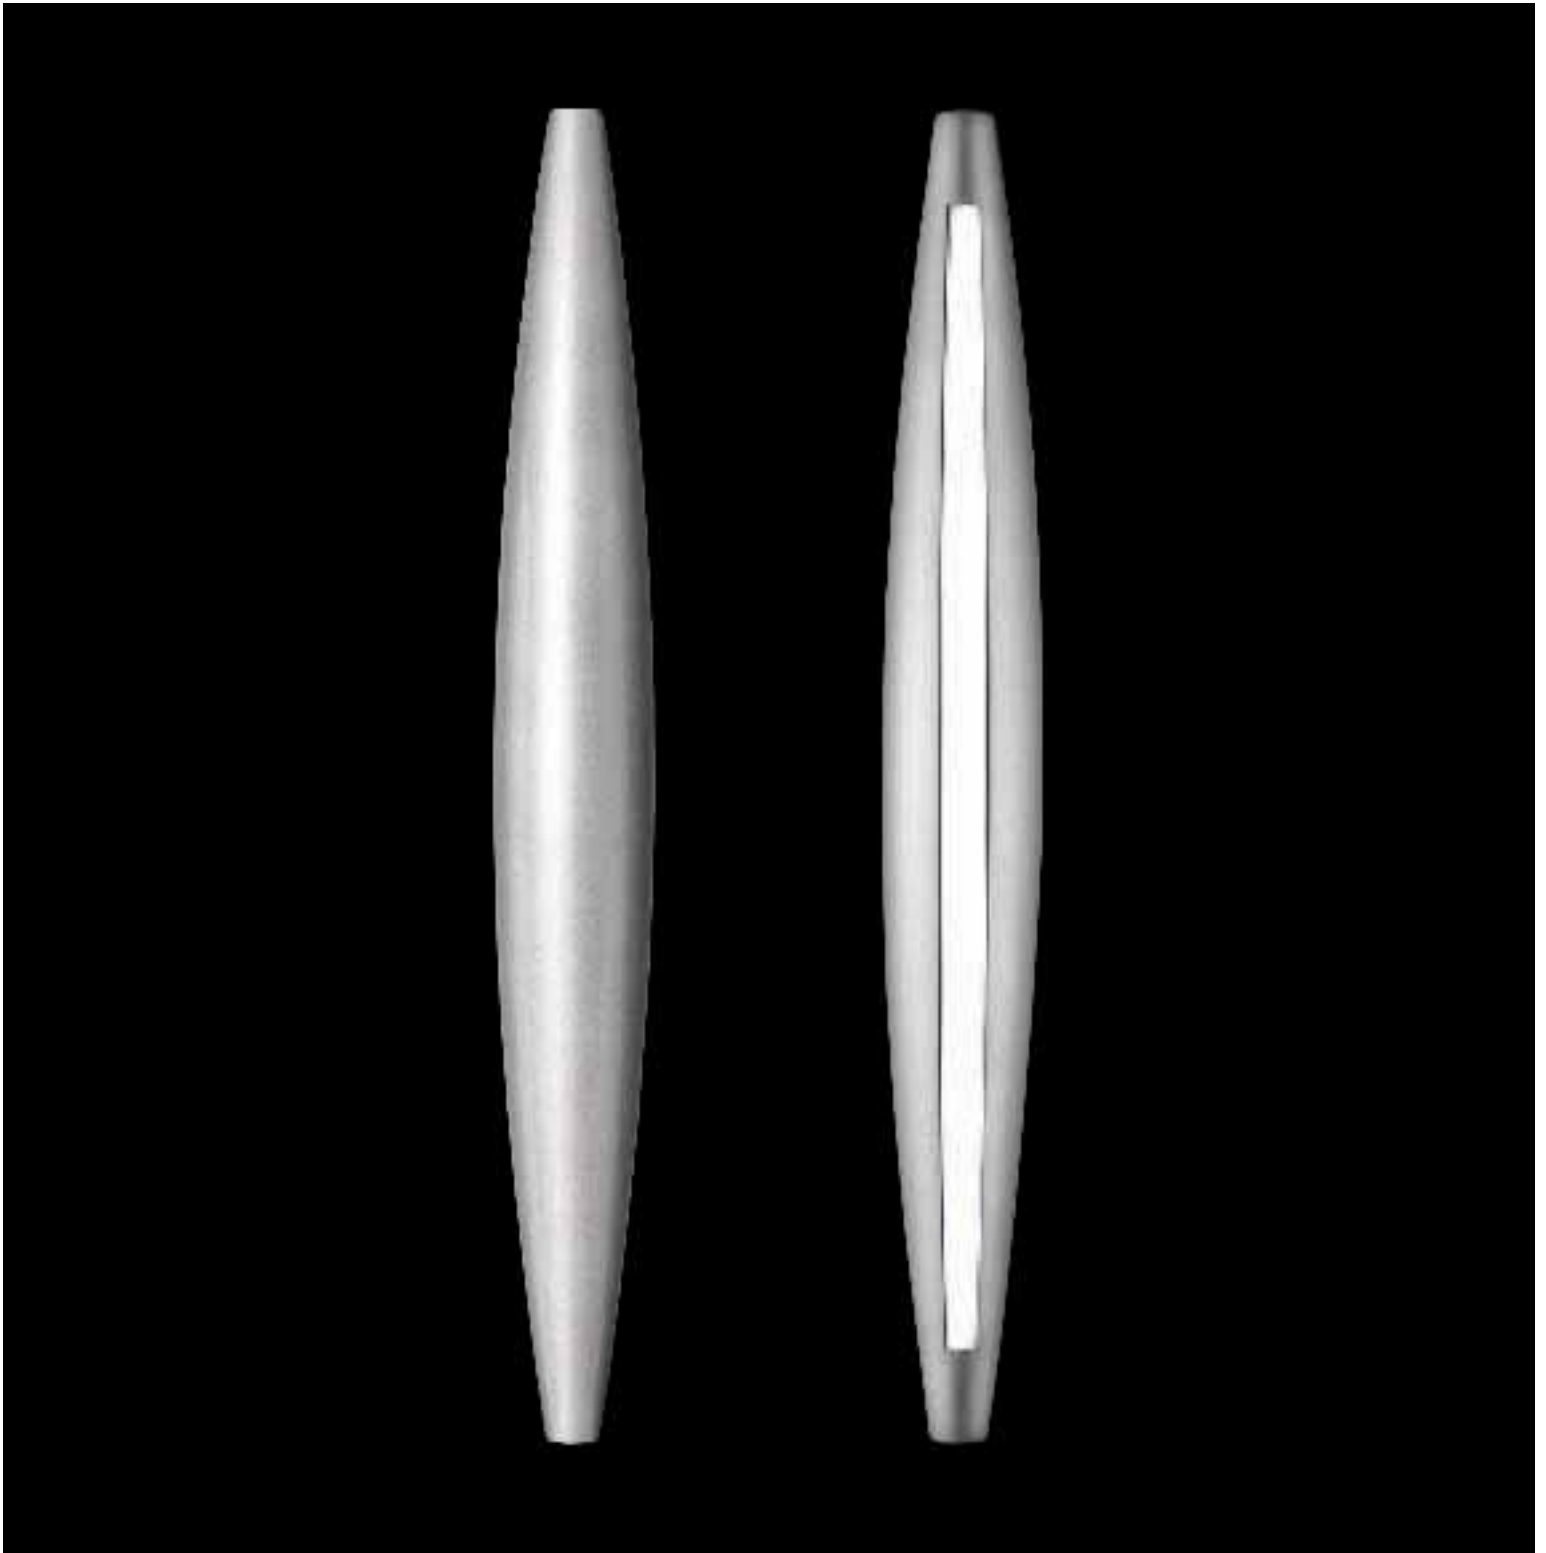

## Aliante pendants

4' and 5' long with direct/indirect and indirect only light, suspended by Ivalo's i-wire power cable. Also available with clear and frosted grille.  
Lamp: dimming and non-dim linear fluorescent T5HO and T5HE. Additional details on page 28

Above: Aliante 4' pendants, top: Clear Anodized with clear grille; bottom: Black Anodized

Above: Aliante 4' pendants, top: Lapis automotive paint with frosted grille; bottom: Clear Anodized

## **Aliante** interior sconces

4' and 5' long, available in slotted and unslotted versions. ADA compliant. For use between windows, flanking doors, on columns and in lobby spaces. Lamp: dimming and non-dim linear fluorescent T5HO and T5HE. Additional details on page 28

Pearl

Graphite

Titanium

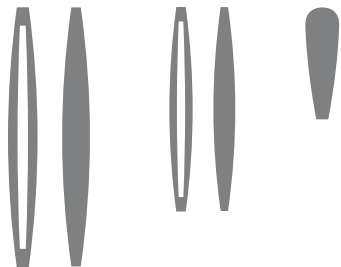

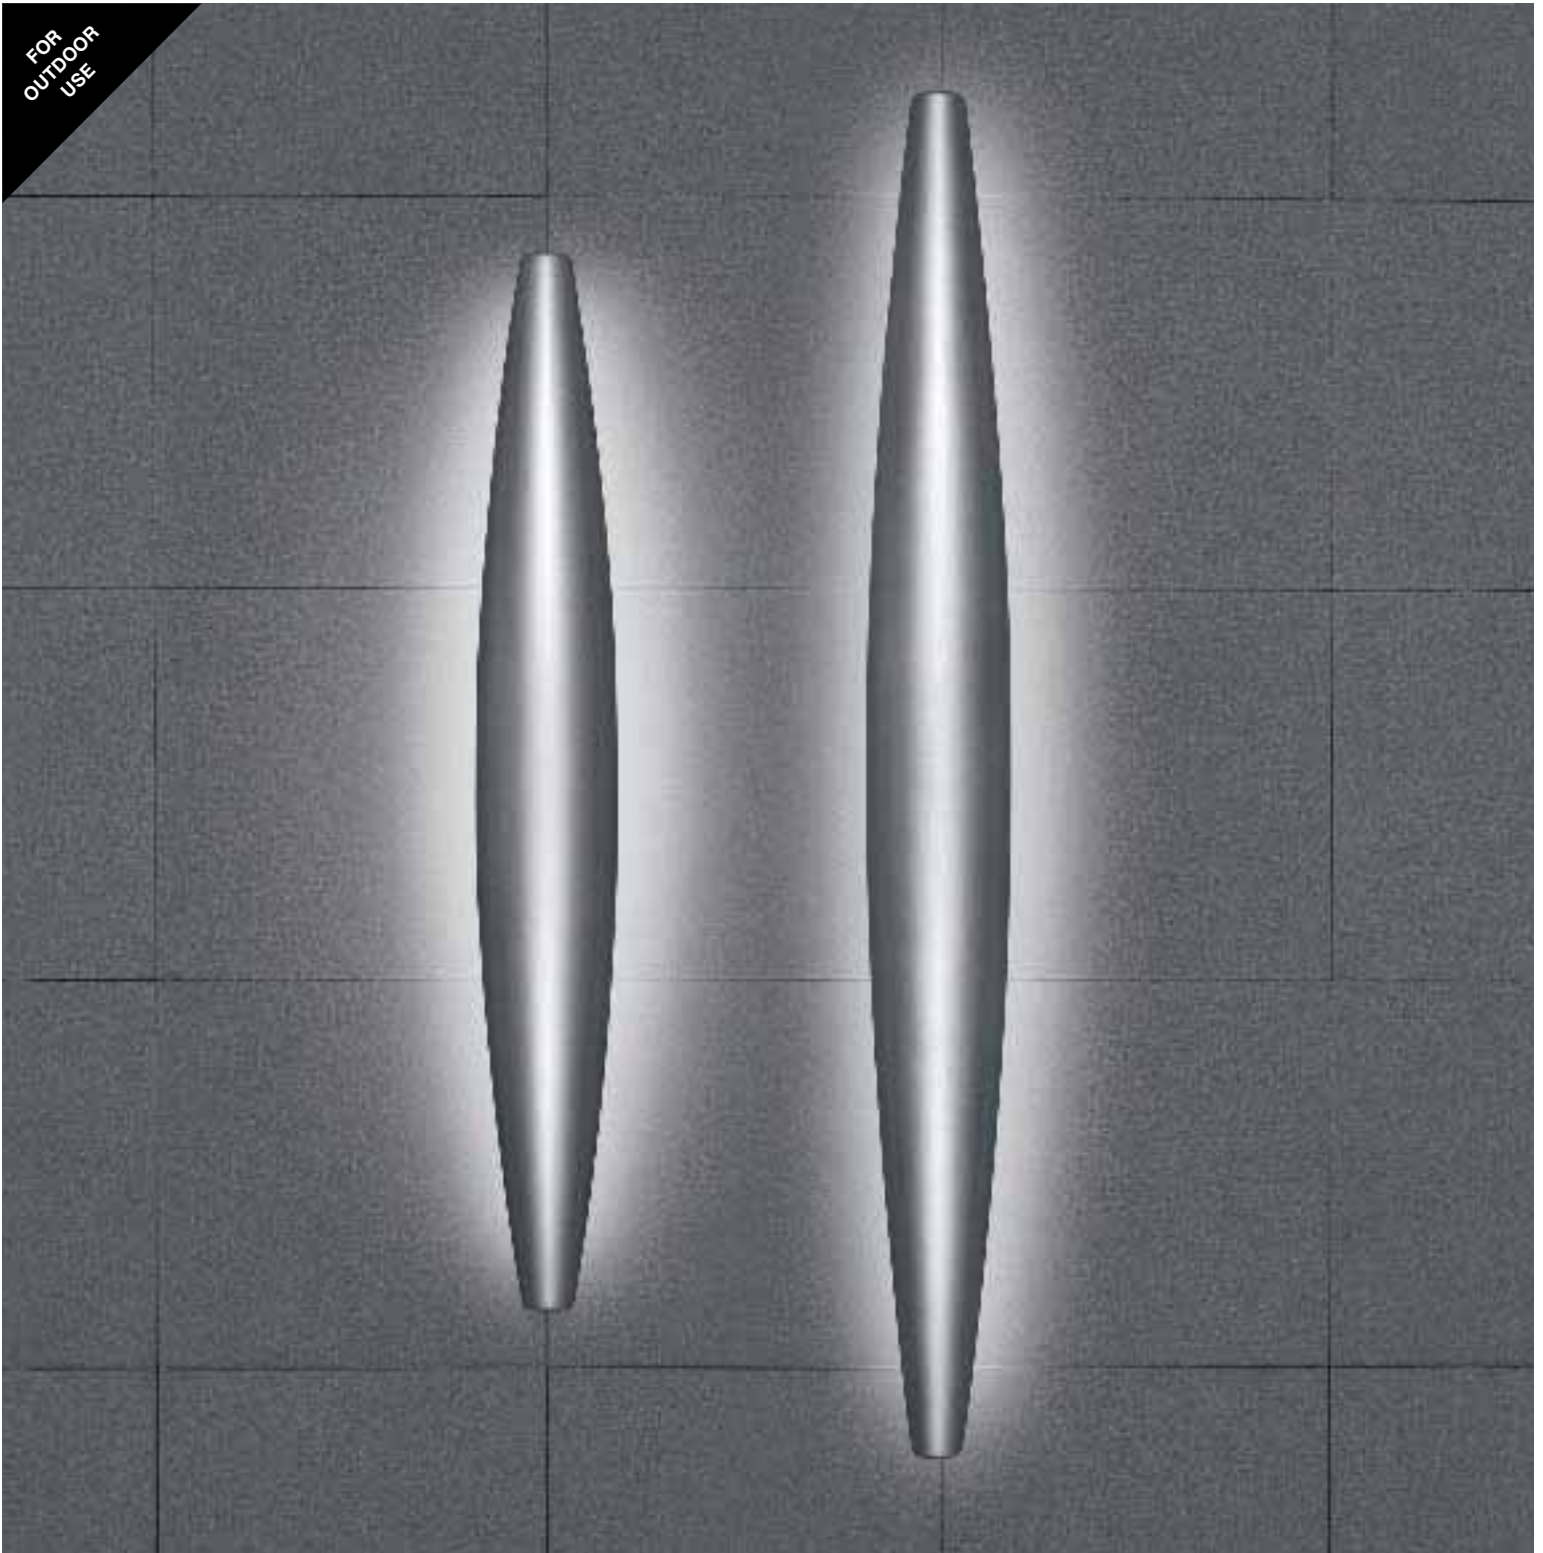

## Aliante

interior demi sconces

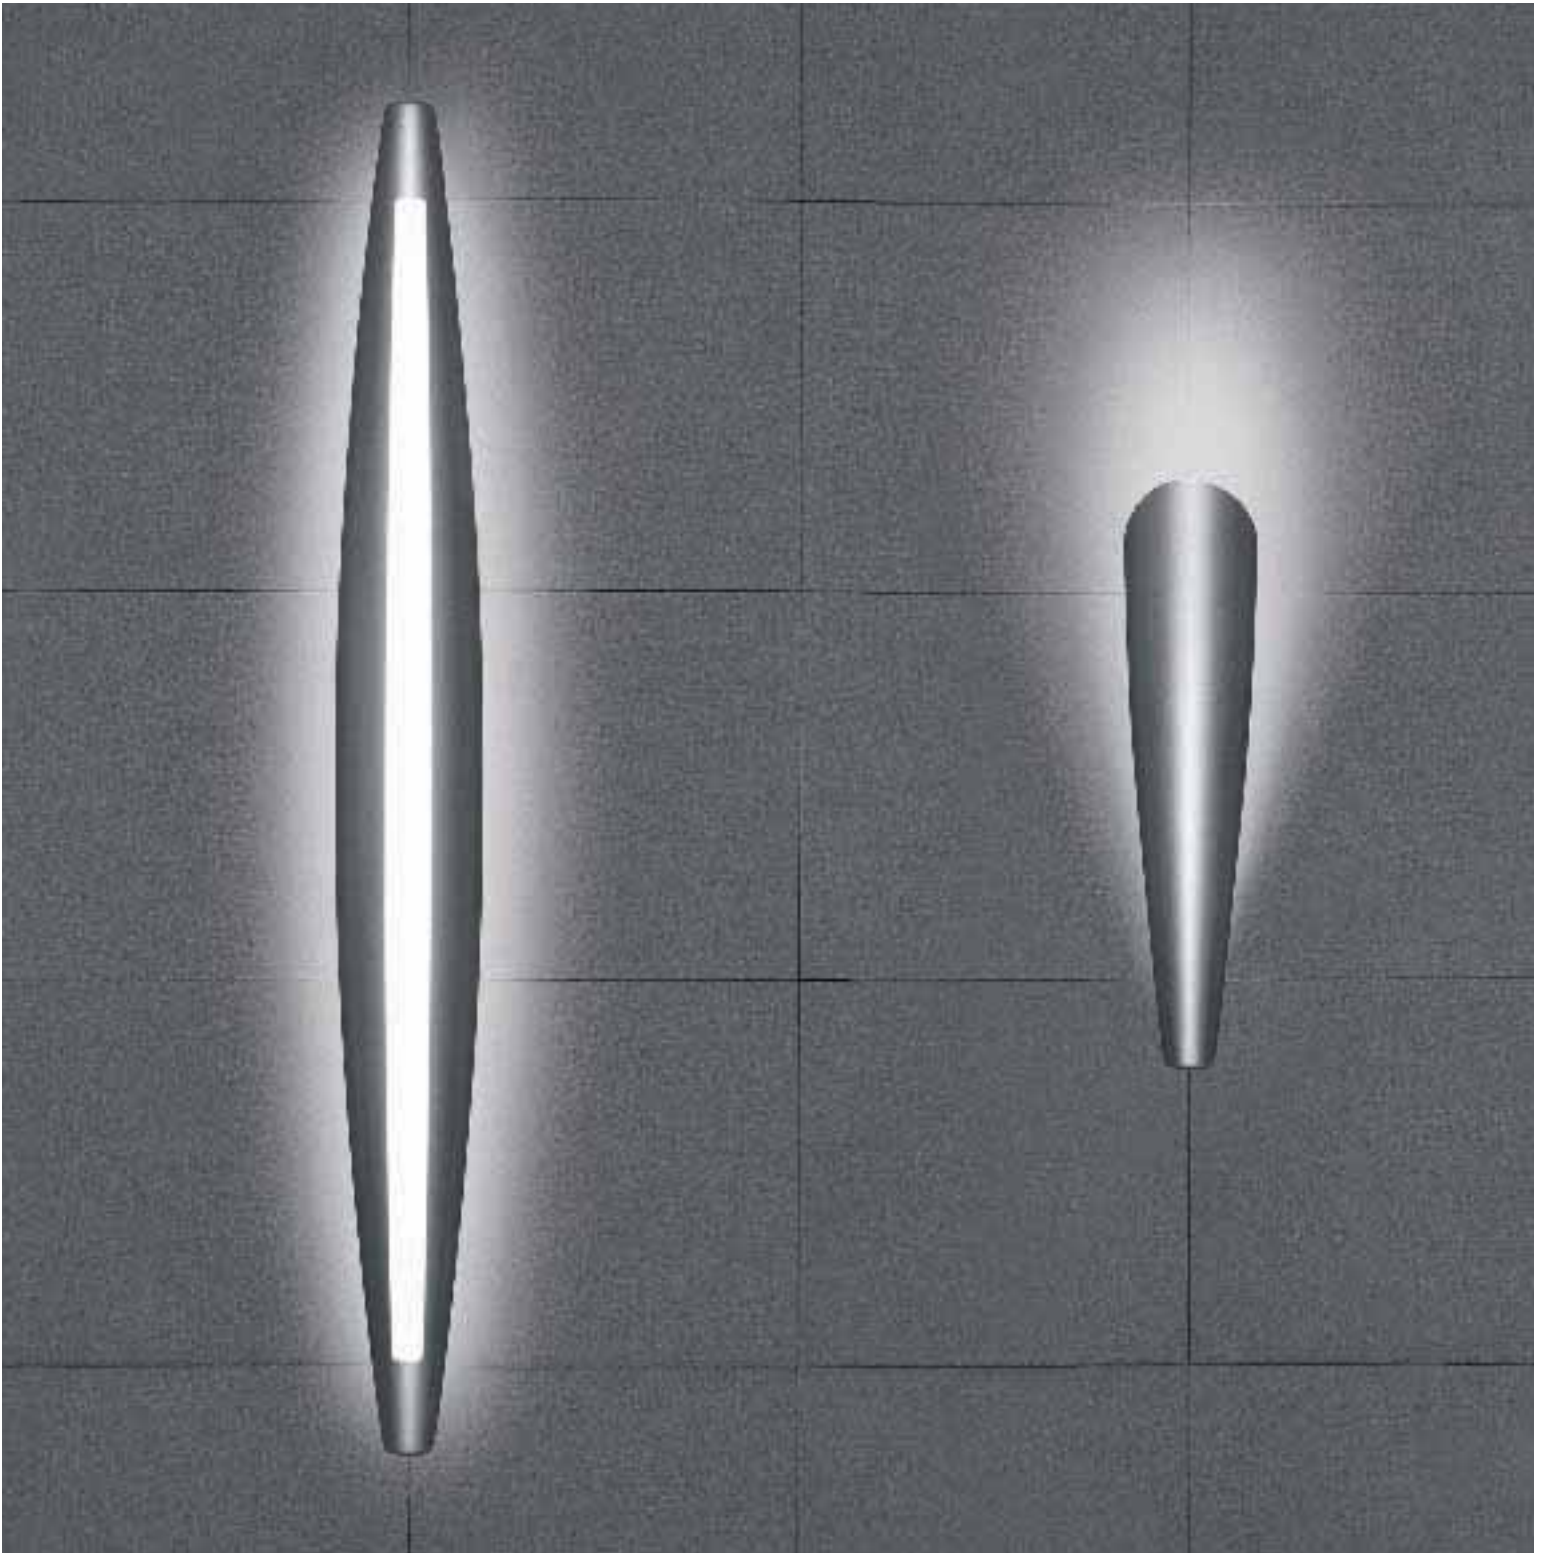

21" long, available slotted and unslotted; and 27" long, unslotted only. ADA compliant. For use on any wall, flanking doors and elevators, between windows and on columns. Lamp: incandescent, dimming and non-dim compact fluorescent and white LED. Additional details on page 28

FOR  
OUTDOOR  
USE

### **Aliante** exterior sconces

4' and 5' long, available slotted and unslotted; and 27" long, unslotted only. For use between exterior windows, flanking doors and on columns.  
Lamp: non-dim linear fluorescent T5HO and T5HE.  
Additional details on page 28

Above: 5' slotted and 27" unslotted exterior sconces with Silver powdercoat finish

# Daedalus.

Designed by Audi Design  
Center California

The fixture is organized around two delicate curving lines described by the ribs of the central helix. The feathery quality of the glass blades inspired the name: Daedalus.

## Daedalus pendant

5' long pendant with a 17" wide glass-and-aluminum helical structure, suspended by aircraft cable from a 22" wide disk. Lamp: 8 MR-11 low voltage. Additional details on page 28

Above: Daedalus pendant  
with Silver finish

# Inflection<sup>®</sup>

Designed by  
Winka Dubbeldam

Inflection<sup>TW751</sup> is a compelling form for spaces of encounter—lobbies, foyers, restaurants, reception areas, and retail spaces—which can be used alone or in sculptural combinations, depending on the scale and intensity of the room.

## **Inflection** interior sconce

A 23" long, ADA compliant sculptural form for use singly or in clusters. Lamp: compact fluorescent, white, green and blue LED. Additional details on page 28

*Left:* Inflection sconce with Matte Titanium finish; *right:* with Gloss Arctic White finish, with White, Green and Blue LEDs

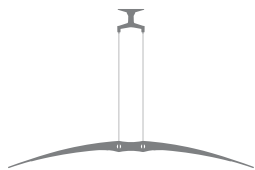

2007  
CHICAGO  
ATHENAEUM  
GOOD DESIGN AWARD

# The L'ale<sup>®</sup> Family

Designed by  
William Pedersen

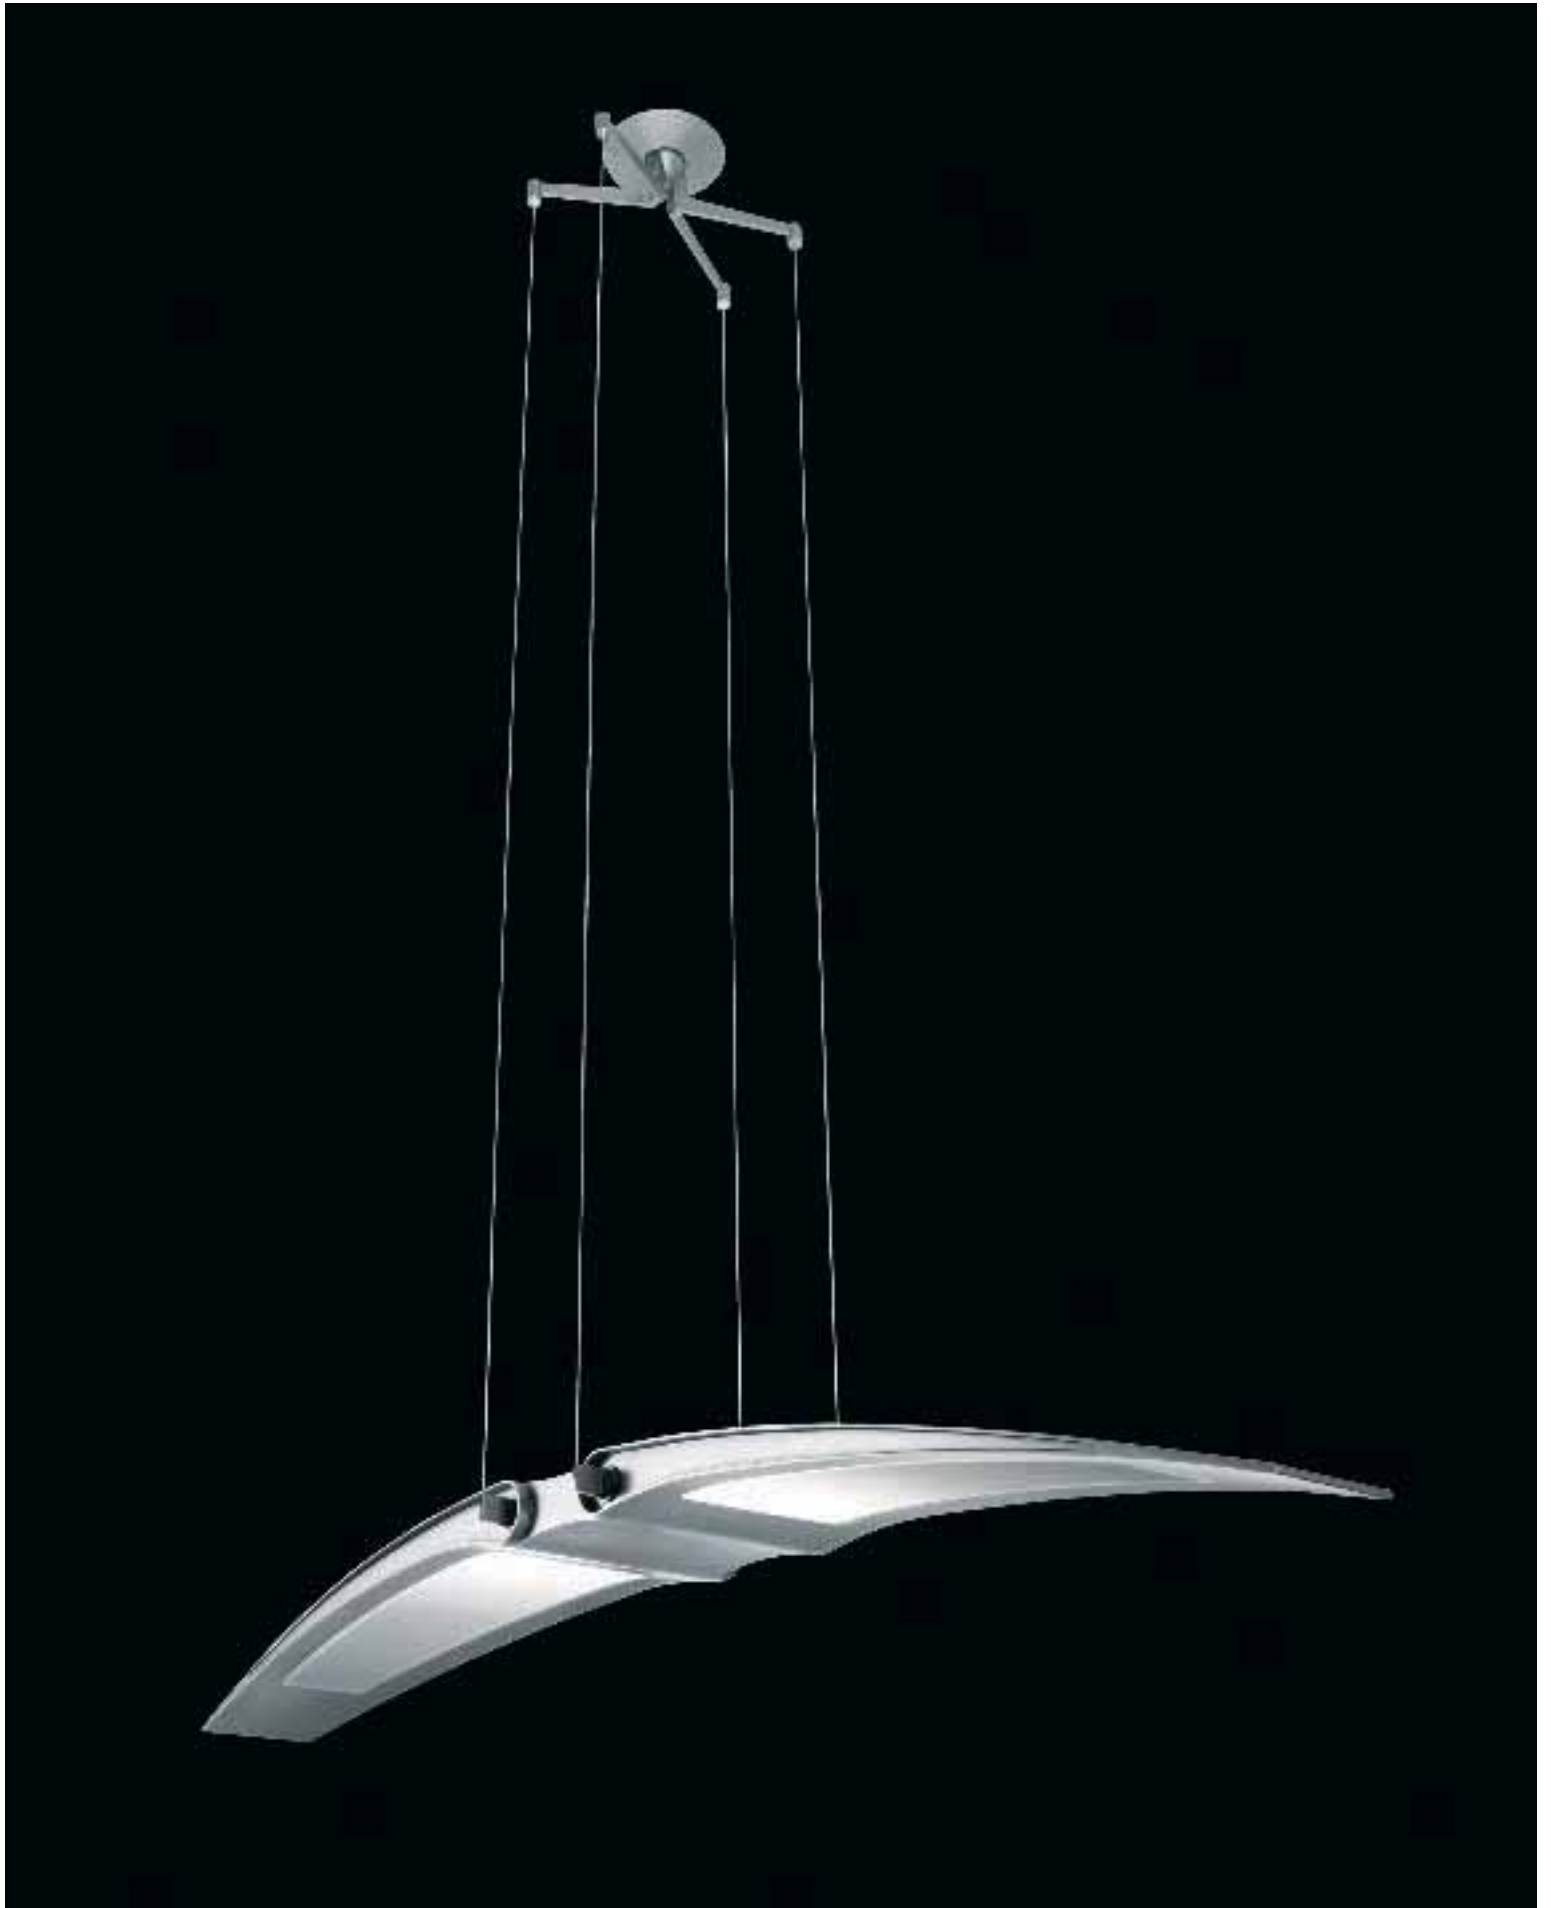

L'ale began with the evocative gesture of two hands held wide open. It was designed to be hung singly or in multiples at uniform height, creating the spatial intimacy of a room within a room—winged elements animating space.

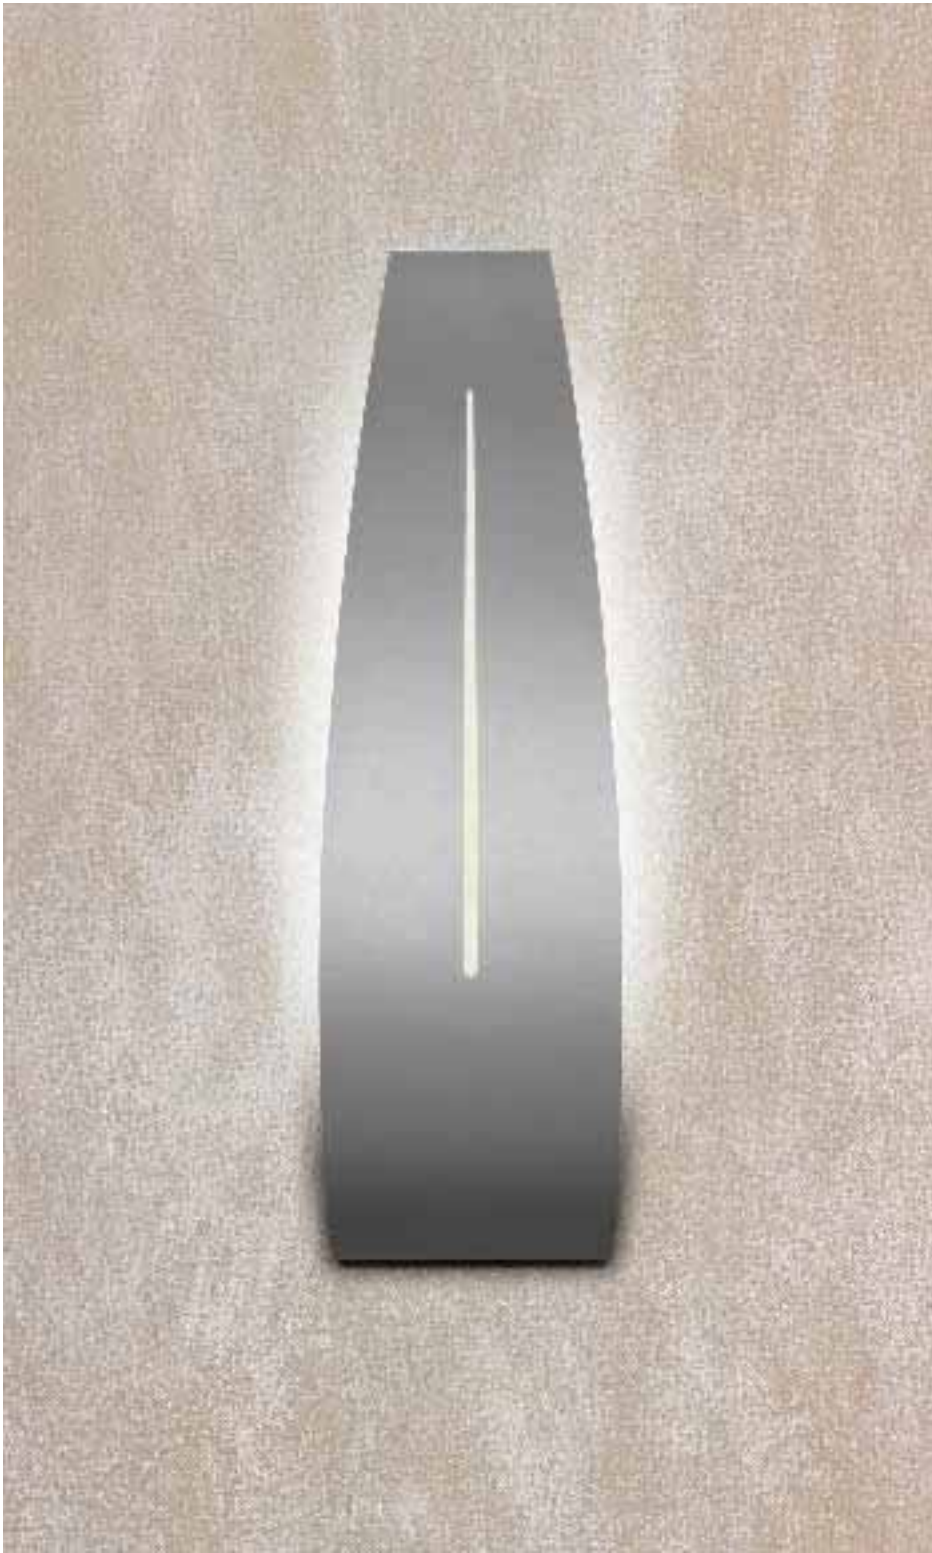

## L'ale pendant

A 4'8" long, direct/indirect pendant, suspended by Ivalo's i-wire power cable. Designed for use singly or in multiples at the same or varying heights. Lamp: 2 compact fluorescent. Additional details on page 28

Above: L'ale pendant in  
matte Titanium finish

**L'ale**  
interior sconce

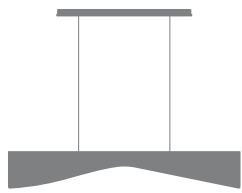

27" long, direct/indirect, ADA compliant. For use on all walls, flanking doors and between windows and elevators. Lamp: White LED. Additional details on page 28

# The Rotare<sup>®</sup> Family

Designed by  
Lewis.Tsurumaki.Lewis

The sculptural form, created by rotating ruled surfaces that sweep from a vertical at the ends to a horizontal in the center, makes for a dynamic element that changes its appearance when viewed from different angles.

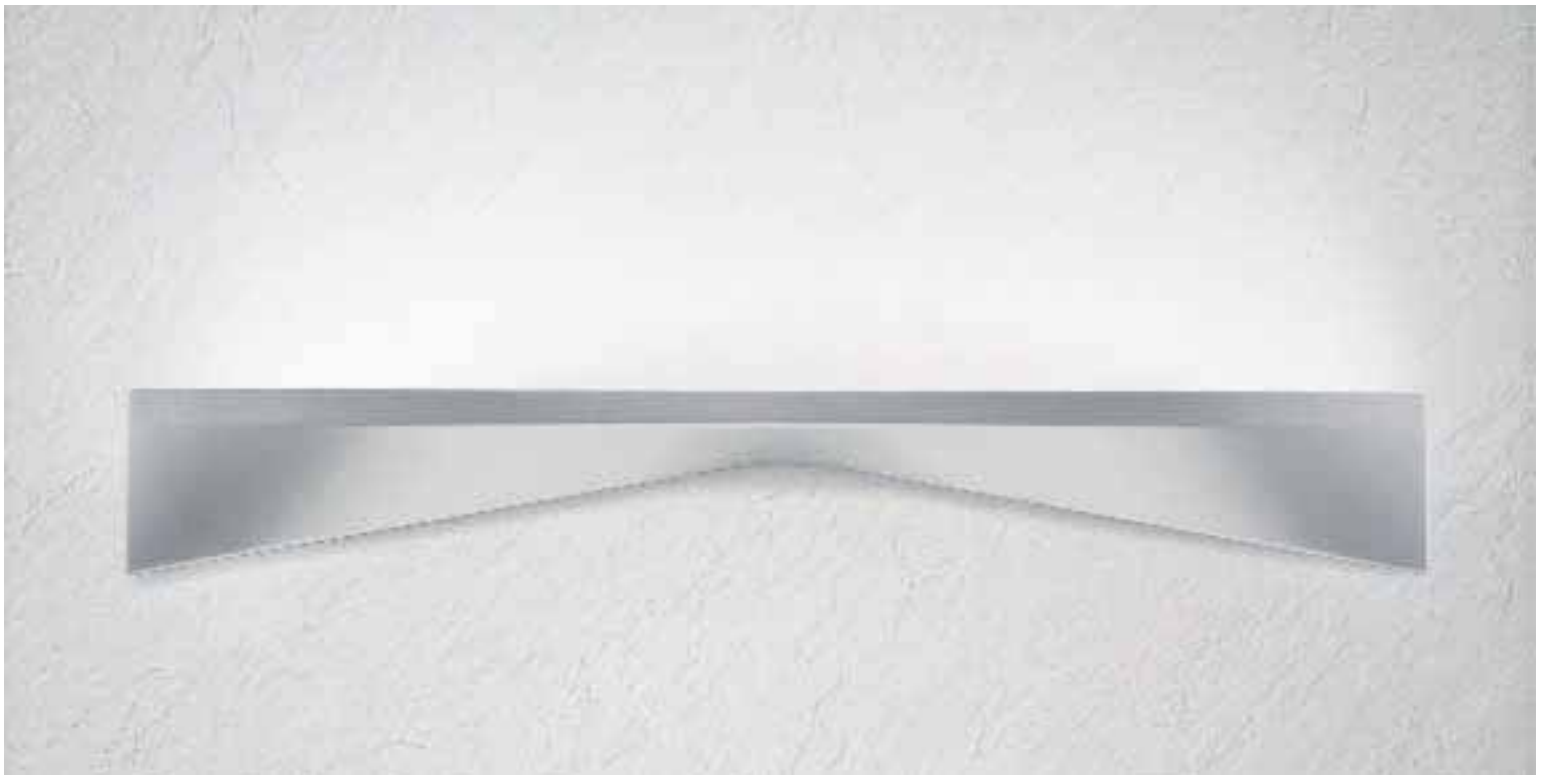

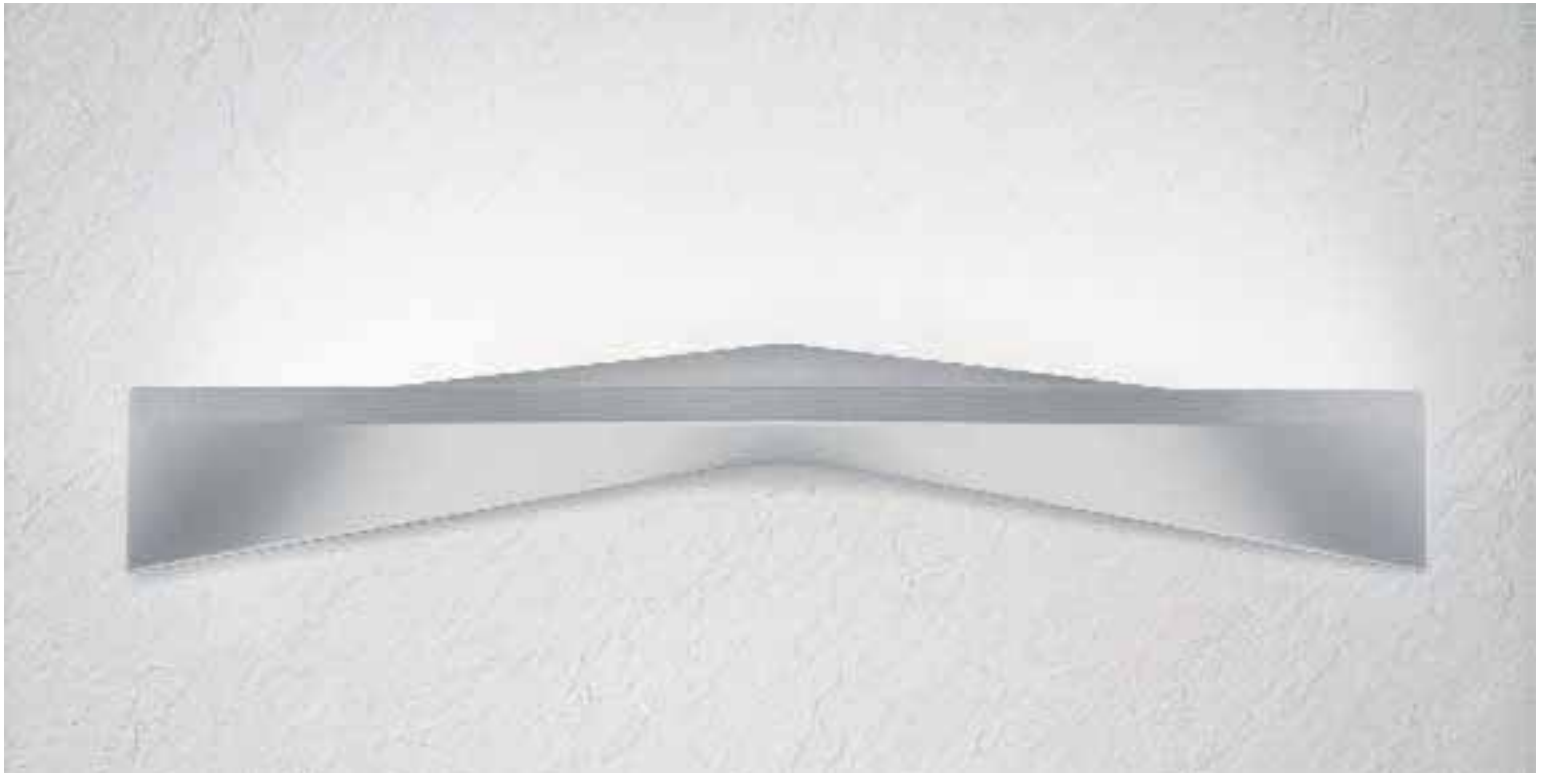

### **Rotare** pendant

A 52" long, direct/indirect pendant, suspended by Ivalo's i-wire power cable. For use over conference room tables, reception desks, private offices and in lobbies. Lamp: 2 linear fluorescent T5HO or T5HE. Additional details on page 28

Above: sconces with matte  
Titanium finish

**Rotare**  
interior sconce

52" long, indirect sconce, which functions as a cove light with a dynamic form that is mounted at a lower height than the ceiling. For use in lobbies, private offices and lobbies. Lamp: linear fluorescent T5HO or T5HE. Additional details on page 28

Above: Rotare sconce with Gloss Titanium finish.  
With wallbox concealer plate, *top*; and without, *bottom*

GOOD DESIGN AWARD

# The Silvus. Family

Designed by  
Roger Duffy

Inspired by the optical effects of water and light in the forest, Silvus evokes the gentle motion of water across foliage and the qualities of light filtered through the forest canopy.

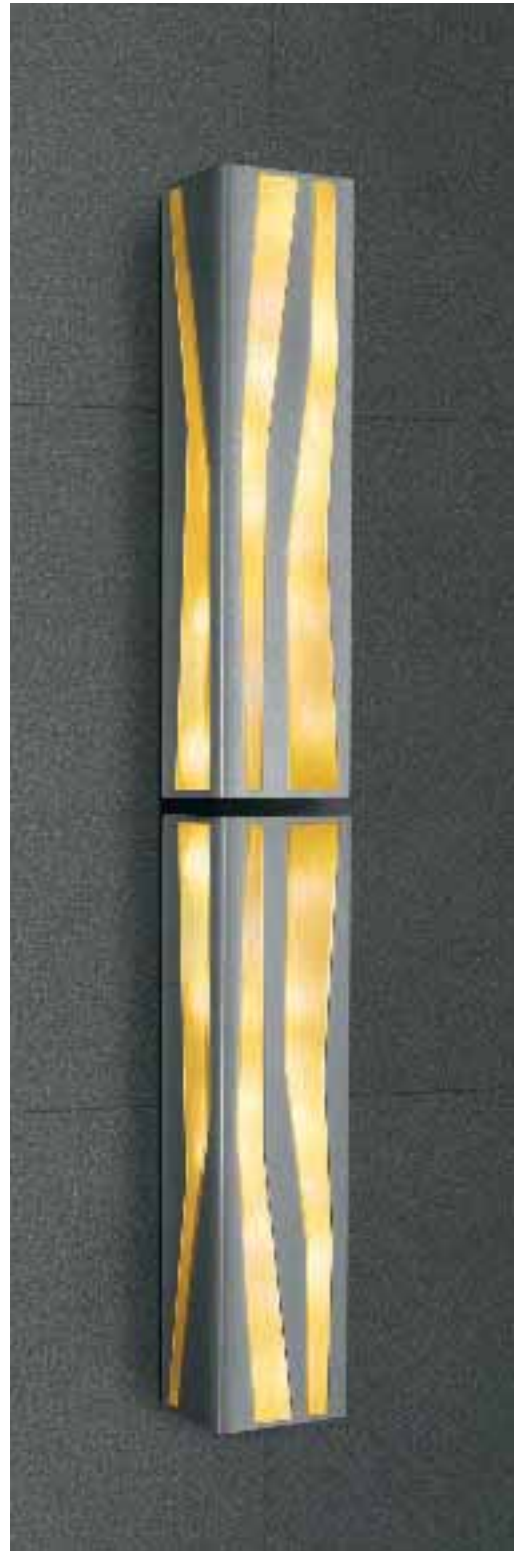

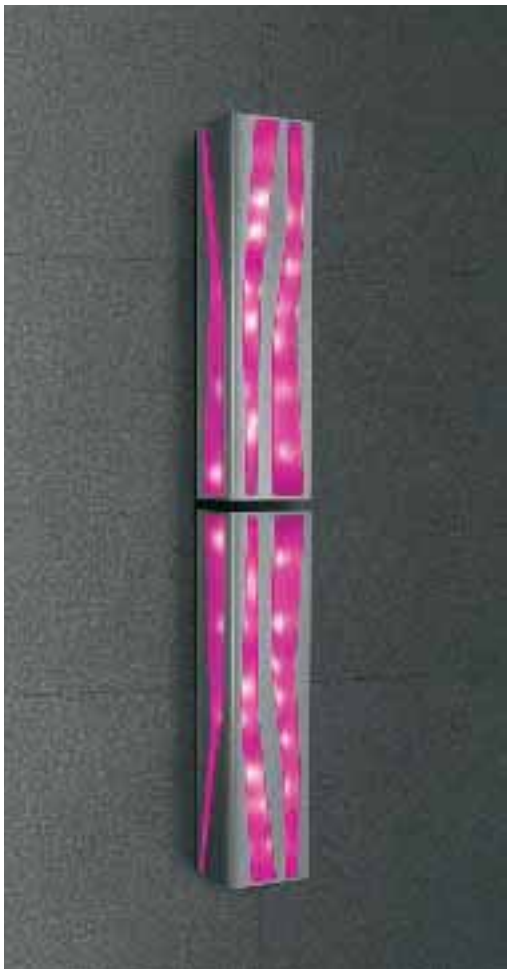

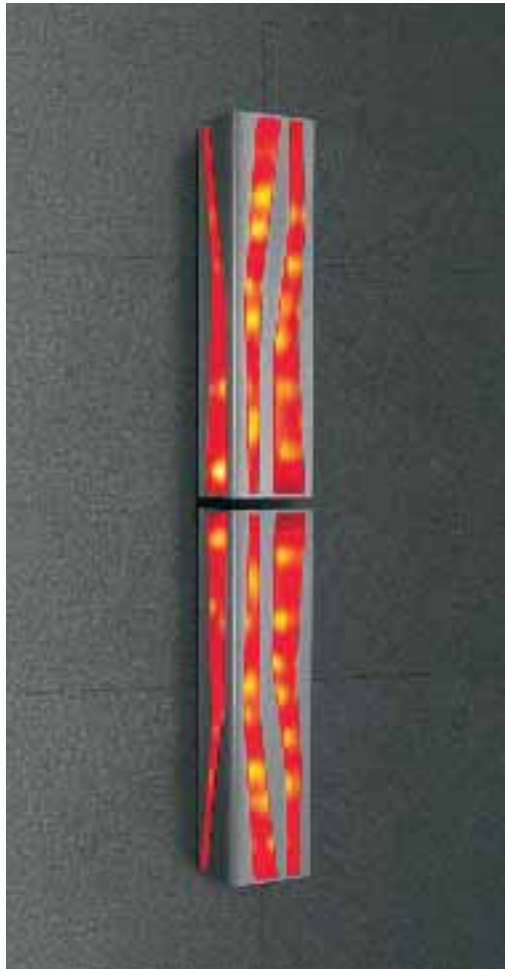

**Silvus24**  
interior/exterior sconce

24" tall, 13" wide, for use indoors and outdoors. Can be used singly, in a column or in a field. ADA compliant when used in a column form and bottom edge is less than 27" off the ground. Lamp: White, Amber, Red, Green, Blue or RGB LED. Additional details on page 28

**Silvus30**  
interior/exterior sconce

30" tall, 7.5" wide, for use indoors and outdoors. Can be used singly, in a column or in a field. ADA compliant when used in a column form and bottom edge is less than 27" off the ground. Lamp: White, Amber, Red, Green, Blue or RGB LED. Additional details on page 28

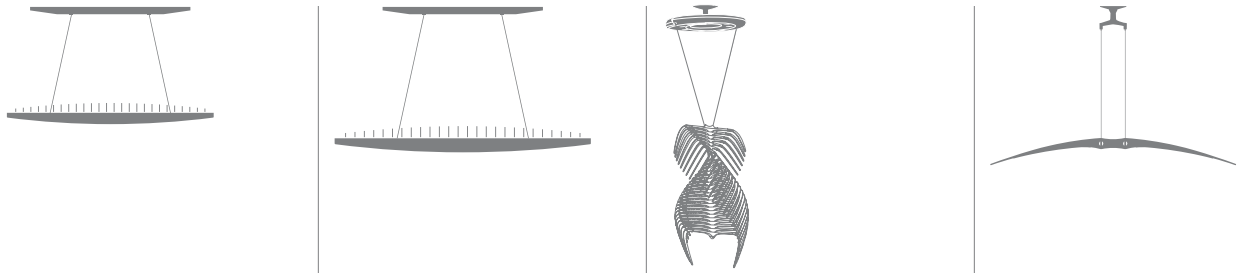

Above: Silvus30 interior/exterior scone in 1 and 2-unit high configurations. Light: various colors created from RGB LEDs.
