

## Original EcoSystem Programming

---

The purpose of this document is to provide instructions for original EcoSystem programming, previously accomplished with the C-PDA-CLR (PalmPilot) or C-USB-IR. Both C-PDA-CLR and C-USB-IR are no longer available. To program EcoSystem devices, follow the steps below.

1. Order a USB to IR interface (USB-UIRT) at [www.usbuirt.com](http://www.usbuirt.com)
2. Download the EcoSystem Programmer software at [www.lutron.com/ecosystemprogrammer](http://www.lutron.com/ecosystemprogrammer)

This software works with USB-UIRT to program EcoSystem ballasts that are connected to an EcoSystem bus supply (CS-1L-CM, CS-1L-WM, CS-2L-CM, or CS-2L-WM). The software can be installed on Windows XP, Windows Vista, and Windows 7.

3. Install the software by following the steps in the "Installation Instructions" file, found at [www.lutron.com/ecosystemprogrammer](http://www.lutron.com/ecosystemprogrammer).
4. Program the devices by following the steps in the "Programming Guide" file, found at [www.lutron.com/ecosystemprogrammer](http://www.lutron.com/ecosystemprogrammer).

Note: The programming instructions for the USB-UIRT are identical to the C-PDA-CLR programming instructions.

For questions or assistance, call Lutron Customer Assistance at 1.844.LUTRON1 (1.844.588.7661).

To upgrade to a current Lutron system compatible with the installed EcoSystem devices, contact the Lutron Replacements and Upgrade Services (RUS) team at [RUS@lutron.com](mailto:RUS@lutron.com)

Lutron and EcoSystem are trademarks of Lutron Electronics Co., Inc., registered in the U.S. and other countries.  
Windows and Windows Vista are trademarks of Microsoft Corporation.
