

**NEW**

# Maestro<sup>®</sup> eco-minder<sup>™</sup> dimmer

See as you save 15% or more energy with Lutron's eco-minder

When lights are at their brightest, the top LED is red. As you dim, the LED moves from red to green. The more you dim, the farther down the green LED moves—indicating additional energy savings.

Save up to **\$30 per year** by replacing a switch with a Lutron dimmer.\*

Maestro eco-minder dimmer (actual size)

Great for kids' rooms, family rooms, bathrooms, kitchens, and powder rooms.

## Features and Benefits

- Reminds you to save energy by dimming and helps you to show others how to save
- Full-range dimming possible from up to 10 locations
- Lights fade up and down smoothly, allowing your eyes to adjust to changing light levels
- Customizable delayed fade-to-off lets you leave the room or get into bed before the lights go out
- LEDs glow softly in the dark for easy dimmer location and to show preset light level when lights are off

sensor

\* Actual savings may vary depending on use and application. Typical residential savings vary from \$7-\$30. Stated savings based on dimming (4) 75 W incandescent reflector lamps (rated at 1500 hrs. each, costing \$1.75 per lamp or 3000 hour halogen bulbs costing \$3.35 per lamp) for 5 hrs. per day with electricity cost of \$0.104/kWh. \$30 savings assumes dimming 50% (perceived light level corresponding to 40% reduction in power level). To calculate your own savings visit [www.lutron.com/energy](http://www.lutron.com/energy)

† Clamshell packaging will be available August 25, 2009
