

Lutron | GreenScreen® Revive fabric

recycled and recyclable roller shade fabric

NEW

Pre- and post-consumer waste is converted to raw material (pellet form), which is then converted to yarn and woven into GreenScreen® Revive fabric.

Lutron is pleased to introduce GreenScreen® Revive, one of the most environmentally-friendly fabrics on the market today. In addition to its sustainable properties and functionality, this beautiful roller shade fabric has a soft look and feel, making it an ideal choice for commercial or residential settings.

GreenScreen Revive is comprised of 89% REPREVE® polyester (pre- and post-consumer waste) recycled content. It is available in 1% and 5% openness factors and eight premium colors.

- GREENGUARD® Certified
- RoHS compliant
- NFPA 701 fire rated

Fabric is now available to order through the Shade Configuration Tool (SCT) and Lutron Customer Service.

REPREVE is a registered trademark of Unifi, Inc.
