

# Serena™ Remote Controlled Blinds

Serena Blinds offer incredible value at an affordable price, backed by the quality of the Lutron brand. When you choose Serena Blinds, you'll add convenience, enhance décor, and save energy – all at the touch of a button.

Single group IR remote in white

Pico® RF remote in white\*

## ADD CONVENIENCE

- Adjust blinds with a wire-free handheld or wall-mounted control from anywhere in the room
- Set multiple blinds in motion with a single button press, making it easy to open and close hard-to-reach window treatments

## ENHANCE YOUR DÉCOR

- Distinguished pleats offer a crisp, clean look that is both soft and durable
- Choose from a variety of fabrics, colours, styles, and textures

## SAVE ENERGY

- Air pockets trap heat to provide superior insulation for enhanced energy efficiency

\*shipping June 15, 2012 – wired power only

# Sivoia QS wireless insulating honeycomb blinds\*

## Put yourself in total control

Complement your mood or transform the way you feel. With Sivoia QS wireless insulating honeycomb blinds, you have the power to transform both daylight and electric light. Now, the single press of a button on a control next to your bed can trigger a “Good morning” scene where blinds will raise, lights will slowly turn on, and even the coffee maker in your kitchen will start! As part of a Lutron whole-home control system, Sivoia QS wireless blinds are able to be controlled by a wide range of devices including iPhone®, iPad®, and Android®.\*\*

A Sivoia QS wireless insulating honeycomb blind is offered in the same styles as a standard, Serena Blind, but is embedded with additional technology. Because this enhanced solution requires design and programming assistance, it is only offered through the Lutron network of qualified blind providers.

iPhone, iPod touch, and iPad are registered trademarks of Apple®, Inc., registered in the U.S. and other countries.
