

# Quantum:<sup>®</sup>

## The best of both worlds

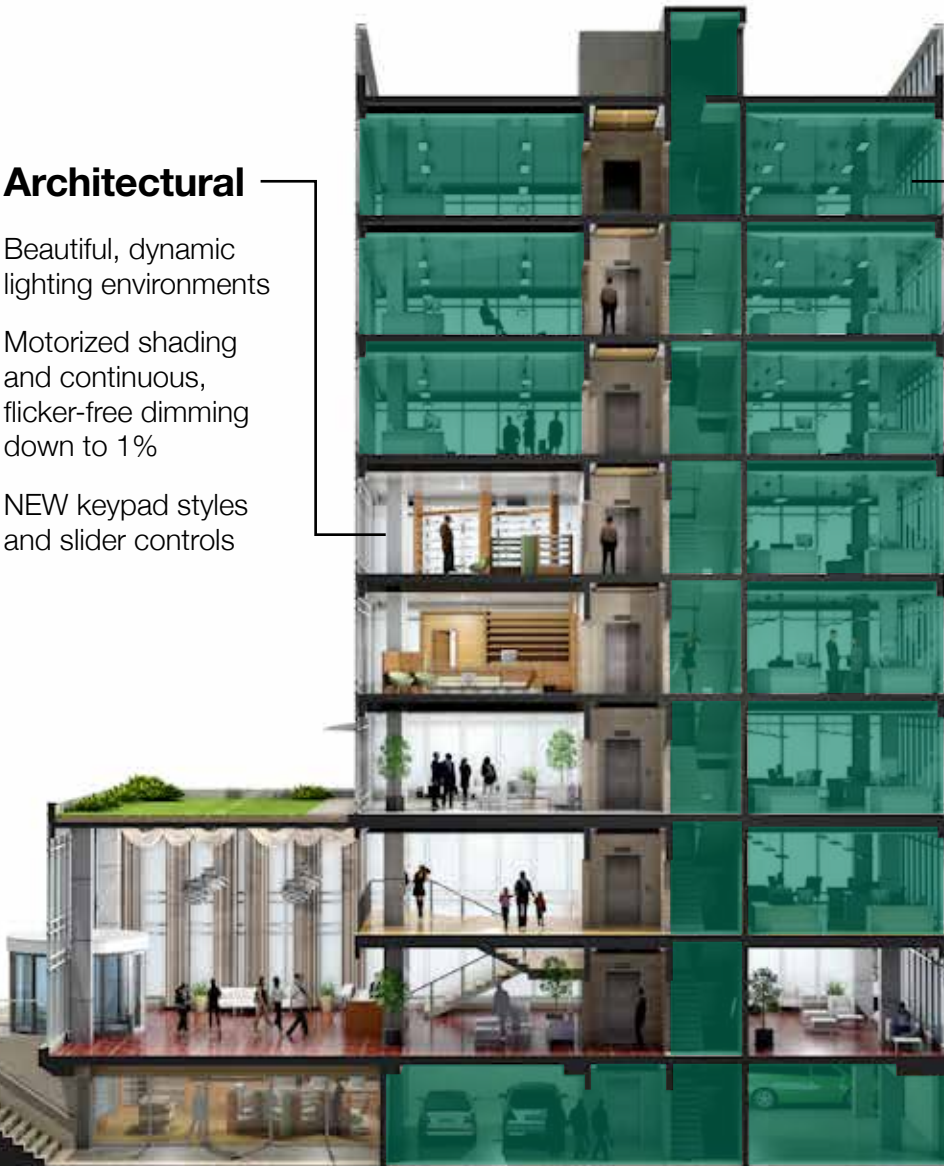

**Different spaces in your building have different needs.  
Quantum Total Light Management<sup>™</sup> handles them all.**

### Architectural

- Beautiful, dynamic lighting environments
- Motorized shading and continuous, flicker-free dimming down to 1%
- NEW keypad styles and slider controls

### Energy-Saving

- Occupancy sensing, daylight harvesting, and scheduling
- Manage, monitor, and report on all the lighting energy usage in a building
- Reduce energy costs with load shed and demand response

Contact your local Lutron sales representative to find out how you can enjoy the best of both worlds by including Quantum on your next project.
