# Lutron Caséta® Wireless

Adjust your lights, shades, and temperature from anywhere

## Control from anywhere

- Turn lights on from your car
- Adjust temperature from your office
- Turn off lights and close shades from your bed
- Schedule lights, shades, and temperature to automatically adjust at set times of day

## Set up is easy

- Ideal for existing or new homes
- No new wiring required
- Watch the installation videos on [www.CasetaWireless.com](http://www.CasetaWireless.com)

**NEW!**  
Works with  
Apple Watch™

# Welcome to *Caséta* Wireless

Peace of mind.  
Comfort.  
Convenience.

Caséta Wireless provides all of these, at the touch of a button.

Whether you want your lights on, off, or somewhere in between, your shades raised or lowered, or your temperature set back a few degrees, you can count on Caséta Wireless to deliver what you need.

Caséta Wireless also uses Lutron's Clear Connect® wireless technology, for reliable operation.

Once you try Caséta Wireless, you'll wonder how you ever lived without it.

Turn lights on  
**as you arrive home**

Adjust temperature  
**from your office**

Turn lights off  
and close shades  
**from your bedside**

Turn entryway and outdoor lights on from the security of your car.

Forgot to set your thermostat back? Lower it from work, to save energy during the day. Then raise it before you leave, for a comfortable welcome home.

No need to get out of bed. Simply turn the lights off and close shades from your bedside and drift into sleep.

# Product information

Controls wall and ceiling lights

## In-wall dimmer

- Doesn't require a neutral wire — ideal for retrofit or new construction
- No polarity for line or load wiring — mistake-proof wiring
- Works with compatible dimmable LEDs and CFLs (up to 150W), and incandescent and halogen bulbs (up to 600W)
- Use Pico® remotes for additional switches in multi-location applications

## In-wall dimmer PRO **NEW**

- Works with approved dimmable LEDs and CFLs (up to 250W), and incandescent and halogen bulbs (up to 1000W)
- Also works with MLV lighting (up to 1000VA)
- Compatible with Lutron drivers and interfaces
- Neutral wire optional (required for MLV and drivers/interfaces)
- Use Pico remotes or existing toggle switches in multi-location applications

## Caséta® Wireless works with energy-efficient, dimmable light bulbs

- The Lutron LED Center of Excellence is the industry resource for LED control: 1.877.DIM.LED8 or LED8@lutron.com.
- UL Listed to dim over 500 different LED and CFL light bulbs. The list of compatible bulbs is available at [www.CasetaWireless.com](http://www.CasetaWireless.com).
- Patent-pending technology ensures superior performance with dimmable LEDs and CFLs, as well as halogen and incandescent bulbs. You can even use different light bulb types with the same dimmer.

Controls wall and ceiling lights as well as general purpose fans

## In-wall neutral switch **NEW**

- Neutral wire required
- Use Pico remotes or existing toggle switches in multi-location applications

## In-wall switch PRO

- Dual voltage – works in 120V and 277V applications
- Doesn't require a neutral wire
- Minimum load cap included (for switching LED, CFL, and ELV loads)

# Product information

## Plug-in lamp dimmer

- Features two receptacles for simultaneous control of two lamps
- Simply plugs into a standard wall receptacle
- Works with dimmable LEDs and CFLs (up to 100W)
- Also works with halogen and incandescent bulbs (up to 300W)

### 4-button Pico remote control PRO

## Pico® remote control

- Provides convenient remote control
- Add a light switch without having to wire anything
- Battery powered — features a 10-year battery life
- Use as a hand-held remote, clipped to a car visor, mounted to a tabletop pedestal, or mounted to a wall
- Works with Caséta® Wireless dimmers, switches, and wireless shades

## 4-button Pico remote control PRO **NEW**

### Choose from three options

- Dimming control— same functionality (full on/off and raise/lower) as standard Pico, but in a 4-button aesthetic
- 2-group switch control—control two groups of lights independently from one another
- 3-scene control— create three different scenes, as well as turn all lights off

**Note:** light/shade and shade-only 4-button remotes also available

# Product Information

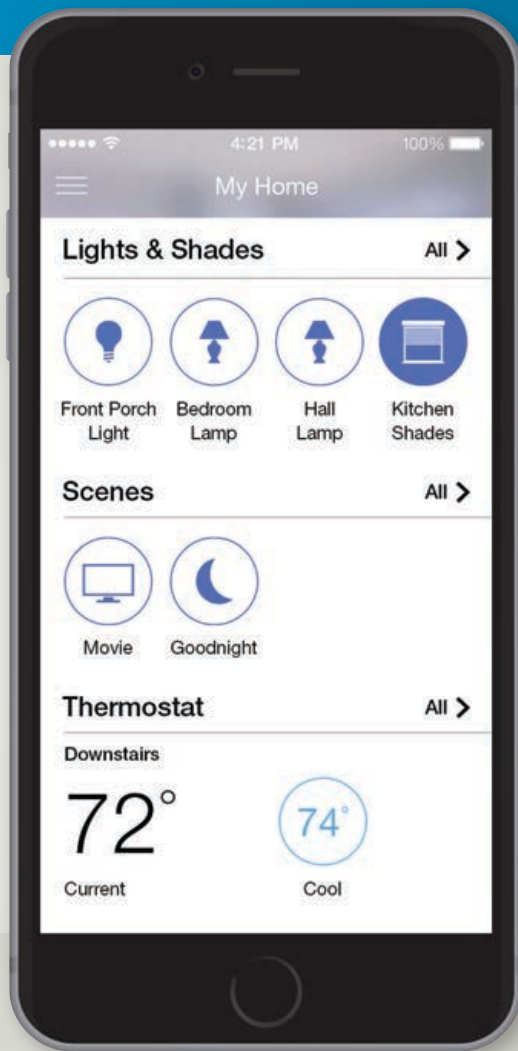

## Smart Bridge

- Enables control of lights, shades, and temperature using the Lutron app
- Compatible with Caséta® Wireless dimmers and switches, Serena® battery-powered shades, Nest Learning Thermostat and select Honeywell® Wi-Fi thermostats
- Easy to install; just plugs into your Wi-Fi router
- Uses Clear Connect® wireless technology—no callbacks

## Smart Bridge PRO

- Also compatible with Lutron Triathlon® battery-powered shades and select styles of Sivoia® QS Wireless shades
- Adds integration with third-party AV remote controls and security systems

## Lutron app for smart devices

- Works in conjunction with the Smart Bridge and Smart Bridge PRO
- Control individual lights, shades, and thermostats—even when you're away from home
- Add scenes to control multiple lights and shades with a single touch
- Schedule scenes to adjust lights and shades automatically
- Download for free from the App Store or Google Play

**NEW**

- Works with the Apple Watch™ for control right from your wrist
- Use the geofencing feature to automatically turn lights on as you arrive home/turn them off as you leave
- Receive notifications on your smart device if you've left the lights on when you leave home
- Use the Widget feature to set a scene without unlocking your phone

# Product Information

**Roller**

**Honeycomb**

## Lutron motorized shades

- Battery-powered; batteries last 3–5 years
- Wireless, easy to install
- Cordless design
- Available in roller or insulating honeycomb styles
- Serena® shades compatible with Lutron Smart Bridge and Smart Bridge PRO
- Triathlon® shades and select styles of Sivoia® QS Wireless shades compatible with Smart Bridge PRO only

Available from Lutron

## Honeywell® VisionPRO programmable Wi-Fi thermostat

- 7-day programmable schedule
- Large touchscreen display with backlight
- Precise comfort control

**Note:** Lutron app also compatible with Nest Learning Thermostat and other select Honeywell Wi-Fi programmable thermostats.
