

Shown actual size: Abella® digital fade dimmer and 1-gang Fassada® wallplate in white (WH)

available models

source type

-  incandescent/halogen lighting
-  magnetic low-voltage lighting

control locations

-  single pole (one location)
-  multi-location dimming (up to nine locations)

available colors (see page 12 for color swatches)

colors (gloss finish)

Abella® digital fade dimmers

product family features

- true multi-location dimming from each location
- light fade on/off to preset level
- delayed off provides light as you exit the room
- line frequency compensation maintains stable light levels despite frequency variations
- LEDs indicate light level and glow softly in the dark as a locator light
- coordinating Fassada® wallplates available separately (including matte, gloss, and stainless steel finishes)
- programming allows customized functions (application note #212 available at www.lutron.com/applicationnotes)

digital fade dimmers

- press on to favorite level; press off
- press twice for full on
- press, hold and release for gradual fade-to-off
- touch buttons to adjust light level
- provides true dimming from each location (with companion dimmers)

incandescent/halogen†

single pole/ multi-location	600 W	AB-600M-
single pole/ multi-location	1000 W	AB-1000M-

magnetic low-voltage†

single pole/ multi-location	600 VA (450 W)	ABLV-600M-
single pole/ multi-location	1000 VA (800 W)	ABLV-1000M-

Suggested maximum lighting load for magnetic low-voltage dimming is 450 W for 600 VA products and 800 W for 1000 VA products, to allow for transformer losses.

† minimum load is 40 W/VA

companion dimmer

- **for use with multi-location dimmers only** use up to **nine** companion dimmers with only one Abella® multi-location dimmer
- provides true dimming from each location
- no derating if ganged

companion dimmer

AB-AD-

Use standard single-pole and 3-way wiring for easy installation.

See page 89 for available colors.

To order, add color suffix to model number.

Example: **AB-600M- WH**

digital switches

- large, easy-to-use one-touch button turns light on/off
- LED indicates on/off

incandescent/halogen, magnetic low-voltage, electronic low-voltage, non-dim fluorescent ballasts, non-dim LED drivers, and general purpose fans*

single pole 6A light
multi-location 3A fan

AB-S6AM-

* requires neutral wire connection

companion switch

- large, easy-to-use one-touch button turns light on/off
- **for use with multi-location switches only** use up to **nine** companion switches with one Abella® multi-location switch
- no derating if ganged

companion switch

AB-AS-

Use standard single-pole and 3-way wiring for easy installation.

See page 89 for available colors.

To order, add color suffix to model number.

Example: **AB-S6AM- WH**
