

Lutron's® first principle: taking care of you, our customer.

Since 1961, Lutron® has offered you the highest quality in the industry. Install a Lutron® product and it will work the first time, every time. Installation is simple and easy. Generally, wall mounted dimmers install just like a standard on/off switch (see page 188).

Worldwide sales and service

Lutron® supports you with the best service in the industry. Lighting control and window treatment application experts are available 24 hours/7 days a week to assist you (service is available in over 140 languages).
