

Lutron remote-controlled shades

Add more convenience to your every day routine with Sivoia QS Triathlon remote-controlled shades.

Lutron intelligent shades automatically adjust when you want them to. Whether it's morning, evening, or somewhere in between, our shades provide unparalleled convenience and comfort.

These battery-powered shades move silently, come in two window treatment styles (roller and honeycomb), and are available in a wide variety of fabric colors and textures. Shades feature industry-leading battery performance that lasts between 3-5 years (wired options also available).

For more information or assistance, call Lutron Shades Customer Service at 1.800.446.1503.
