

LUTRON® Product Report Card

Manufacturer: Phillips
 Applicable Model Numbers: 92900017 1500/1600/1700/1800/1900/2000

Manufacturer's Description

Type of Fixture: PAR30 Indoor Flood
 Operating Voltage: 120 VAC
 Input Power: 11W
 Current: 0.11 A
 Frequency: 60 Hz
 Control Types: Not Specified
 Dimming Range: Not Specified
 Equivalent Incandescent Output Power: 50 W
 Lumens: 440 lm (3000K)

Lutron Test Results

Date Tested: April 24, 2010 Date Updated: May 11, 2011
 Model Number Tested: EnduraLED PAR30L dimmable 120V 11W
 Smooth and Continuous: Yes
 Test Notes: None

Lutron Recommended Compatible Products

Product	Part Number	Fixtures per Dimmer	Measured Light Output Range ⁽¹⁾	Comments
RadioRA 2	RRD-10ND	1-41	2%-100%	Smooth and continuous
Homeworks	HWD-5NE	1-7	10%-100%	Smooth and continuous
Commercial Systems	QSG-6P	1-33 per output	7%-100%	Smooth and continuous. Maximum of 83 fixtures.

⁽¹⁾ Values are based on light output using the specified dimming control, and may not be an indication of the fixture's full capability
