

NTOMX Wall Jack with DB9 Connector

This product includes one DB-9 cable and one wall jack. The cable allows a GRAFIK 7000 Network Interface (G7-A-NWK-E-D-x) to connect to the wall jack. The wall jack allows access to wiring in the wall that goes to the *Lutron* User Interface Link of a G5000P, G6000P, or G7000P Processor Panel.
