Remote Power Panel

Specifications

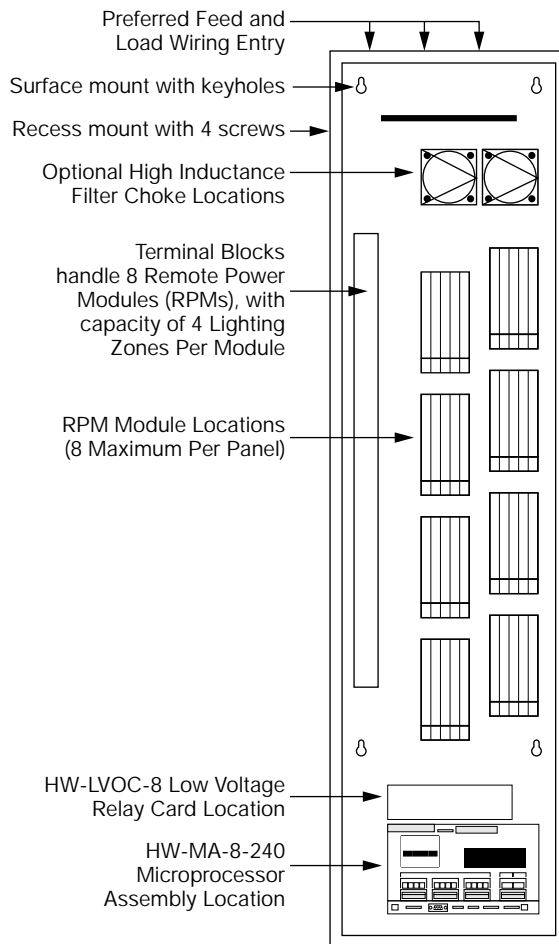

Panel Dimensions	59"H x 14.38"W x 3.78"D
Components Housed	8 Remote Power Modules: HW-RPM-4U-240, HW-RPM-4M-240 Microprocessor Assembly: HW-MA-8-240 Low Voltage Relay Card: HW-LVOC-8 4 High Inductance Filter Chokes (2 dual choke assemblies) Terminal blocks for number of modules to be mounted
Electrical Connections	Line voltage wires enter top or bottom – 3mm ² maximum, 9 feeds maximum, 32 output loads maximum

Function

The Remote Power Panel (HW-PNL8) is an enclosure that houses the central components of a HomeWorks lighting control system. It provides the mounting and wiring terminal facilities for remote power modules, a microprocessor assembly, a low voltage relay card, and high inductance filter choke modules. It is available with two covers:

HW-PNL8-SMC-240
Surface Mount Cover

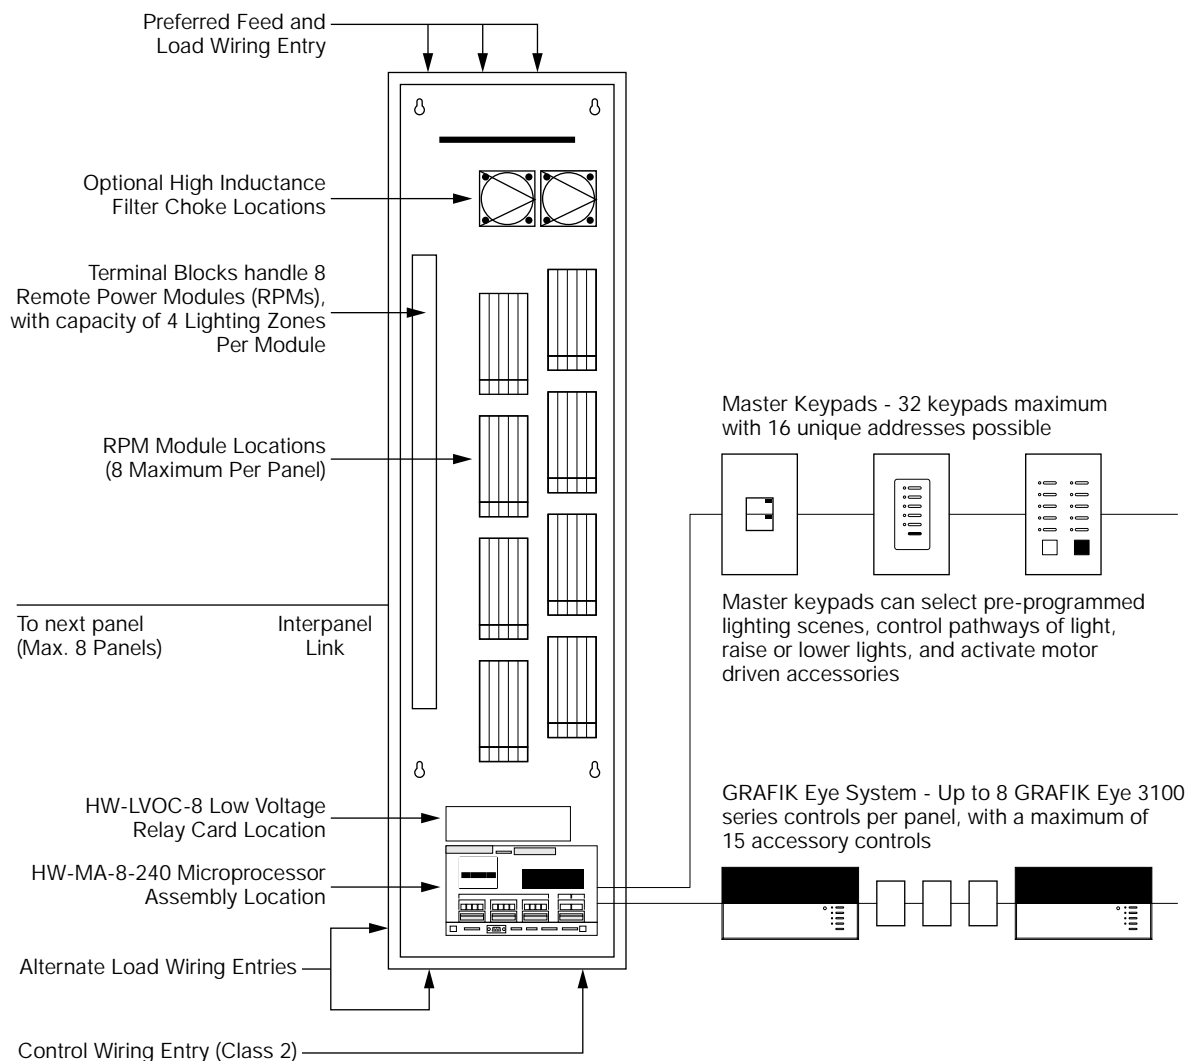

HW-PNL8-RMC-240
Recessed Mount Cover

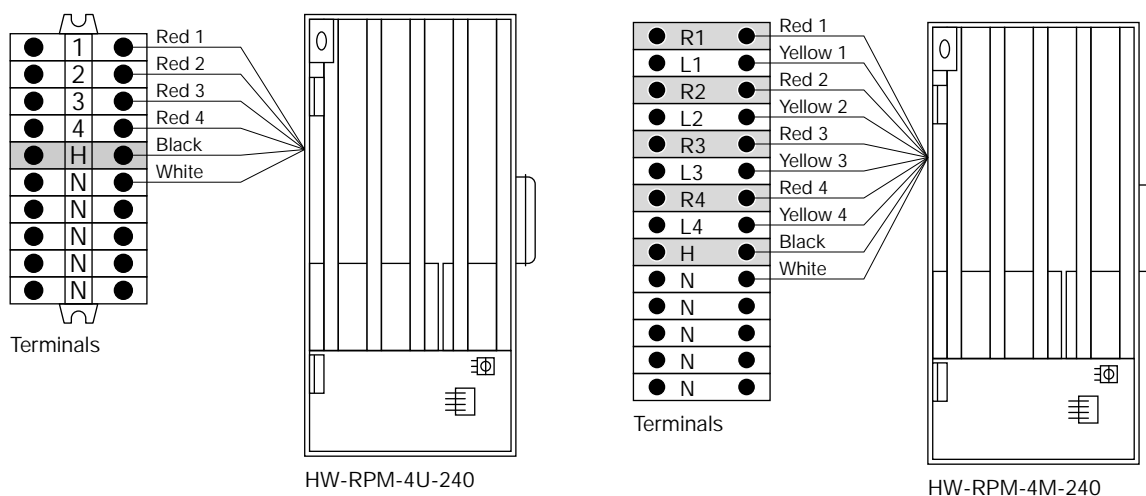

Lutron Electronics Co., Inc.

Warranty

Lutron will, at its option, repair or replace any control that is defective in materials or manufacture within two years after the purchase. This warranty is in lieu of any other warranties, express or implied, and the implied warranty of merchantability is limited to two years from purchase. This warranty does not cover the cost of installation, removal or reinstallation, or damage resulting from misuse, abuse, or improper wiring or insulation. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Some states do not allow the exclusion or limitation of incidental or consequential damages, or limitations on how long an implied warranty may last, so the above limitations and exclusions may not apply to you.
