

Take advantage of Contractor Mode

in the Lutron App for Caséta and RA2 Select

Fast Setup

Homeowner's username and password not required to setup the system — get started right away

Use Your Device

Use your own smart device to setup the system instead of using the homeowners.

Provide Info

Get referrals and system expansion by including your company contact information in the Lutron App.

Earn PRO Points

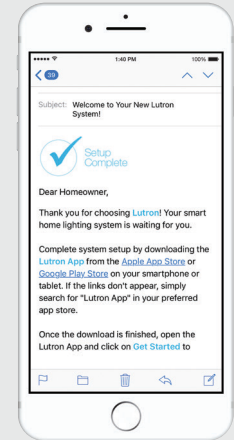

Lutron PROs earn points automatically for every completed job by inputting their account number*

*Become a Lutron PRO and earn points for all your residential Lutron jobs. You can redeem PRO points for free Lutron product, such as a RA2 Select bridge, RadioRA 2 Connect Bridge, Caséta kits, and more. Then turn those points into dollars by using your free product on your next job. Sign up to be a PRO at lutron.com/pro.

Contractor Mode

1. Download the Lutron App for Caséta & RA2 Select 
2. Click on "Contractor Mode" on the home screen
3. Input your contact information and Lutron Account # (if applicable)
4. Add installed devices to the system
5. When setup is complete, tap send homeowner invite

6. Homeowner receives email to download the app and create a Lutron account
